LOWER FLINT-OCHLOCKONEE VISION

The Lower Flint-Ochlockonee Water Planning Council will manage water resources in a sustainable manner to support the region's economy, to protect public health and natural systems, and to enhance the quality of life for the region's citizens.

LOWER FLINT-OCHLOCKONEE GOALS

1. Ensure access to water resources for existing and future water users in the Lower Flint-Ochlockonee Region.
2. Sustain the region's aquifers, the Floridan, the Claiborne, the Clayton, and the Cretaceous, in a healthy condition that will continue to support the natural systems and economic activities of the Lower Flint-Ochlockonee Region.
3. Maintain the production-agriculture-based economy of the Lower Flint-Ochlockonee Region.
4. Support sustainable economic growth in the region.
